

SMART BUSINESS GRANTS

Ealing Council's smart business grants scheme offers free impartial advice and grant funding for Ealing businesses to help reduce costs, increase efficiency and environmental performance. This project is supported by the Mayor's Outer London Fund, which is helping increase the vibrancy and growth of high street places across London.

"The SBG programme was extremely useful in helping us to cut our expensive electricity bill and achieve our green office vision. The support provided by Ealing Council has been invaluable and we have applied for the full £5k grant towards lighting and heating system upgrades which will save us almost £10,000 every year"

Alex Molokwu,
Co Work Hub

Business support package available

A free one hour survey is offered by our expert business advisors to identify ways of reducing the business costs of lighting, heating, water and waste through efficiency improvements.

Your business could be eligible for a grant support package of up to 50% of identified project costs, with the remaining 50% to be match-funded by your business. The minimum grant award is £1,000 and the maximum is £5,000.

The grant is typically used to fund heating, equipment and machinery upgrades, or improvements to insulation or lighting.

Eligibility

Your business must qualify as a small to medium-sized enterprise. See grant criteria on the website for details.

GRANTS are LIMITED, so register now at the website below or email businessenergy@ealing.gov.uk
